A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Sgarlato does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery. A surgeon must always refer to the package insert, product label, and/or instructions for use before using any SgarlatoMED product. Please contact your representative if you have any questions about the availability of SgarlatoMED products in your area. All rights reserved.
